# **MOLD TESTING**

## **AIR QUALITY TESTING**

Worried your building might have mold problems? See leaks, drips, or water stains? Smell "musty" smells? It's time for a **Mold Inspection.**

If mold is present we can identify its source. In most cases, our turn-around time is 48 hours. We don't have to wait long for sample test results because all our testing is done locally.

## **GOOD NEWS FOR TUCSON, BAD NEWS FOR MOLD!**

**Commercial Cleaning  
& Restoration** has  
partnered with  
**Dr. Mark Sneller**  
of **Aero-Allergen  
Research** to  
provide Air  
Quality Testing
